

Slidell, LA

1 Million GPD Plant

Problems: 1) Averaged 28 truckloads of sludge disposed of monthly
2) Offensive odors present

- Plant substantially reduced sludge levels;
 - After inoculation, the number of truckloads of sludge hauled away each month was reduced by up to **77%** and **Odor was eliminated**
 - Plant saved approximately **\$30,000** in hauling fees in a 5 month period
